- Real-life Fire Extinguisher Training**
 The VR headset and fire extinguisher prepares your team to combat fire scenarios prone to your workplace with the most life-like training.
- Extended Training Duration**
 An additional rechargeable headset battery is included to keep you training without disruptions, whilst the second battery recharges.
- Simple Setup & Operation**
 Be up and running quickly with a minimal-step setup process and intuitive quick start guide, helping you get up and running in minutes.
- Improved Portability**
 Travel with ease with the lightweight, TSA approved Pelican carry-on roller case, offering a simple solution for air travel.
- Facilitated Hygiene**
 For uninterrupted training delivery, the spare headset gaskets allow for easy cleaning and sanitisation between users.
- Extended Customer Protection**
 The 3-year international warranty gives you peace of mind that your hardware will be replaced if damaged under normal use.

What's Included

- ✓ 3-year Software & Content Updates
- ✓ 3-year Limited Warranty
- ✓ Remote Personal Onboarding
- ✓ Technical Support

“

Fire wardens are really liking the fact that this system takes them out of the training room and into a scenario which is as close as possible to the hospital ward areas where they work every day... The quality and vastness of the VR images being presented to the participants are superb.

”
